Dear Sandy,

As per the stipulations included in the remitted document, I have noticed this entails the registration of my representative as a Trading Agent.

It is not my intention to register Mr. Ruiz Huidobro as a mere Trading Agent, but rather for him to be able to carry out all sort of orders and instructions, as if he were myself, the client, including but not limited to the closure of the account and ordering the withdrawal of money from the Pepperstone platform to my registered bank account in Peru.

In this vein, please let us know if there are a different set of documents which would better serve to register Mr. Ruiz Huidobro in this capacity before Pepperstone.

Best regards,

Juan Martín Guardamino
